Open Door Gala with Colonel Hadfield

in support of Homes For Heroes Foundation

Friday September 22, 2023 Winnipeg, Manitoba RBC Convention Centre

www.h4hf.ca

Homes For Heroes Background

Homes For Heroes Foundation was developed in response to the growing number of military Veterans who are facing crisis as they return to civilian life and find themselves on the path to homelessness.

Our mission is to integrate all our homeless military Veterans into the community through the provision of housing and support services across Canada. We are doing so by:

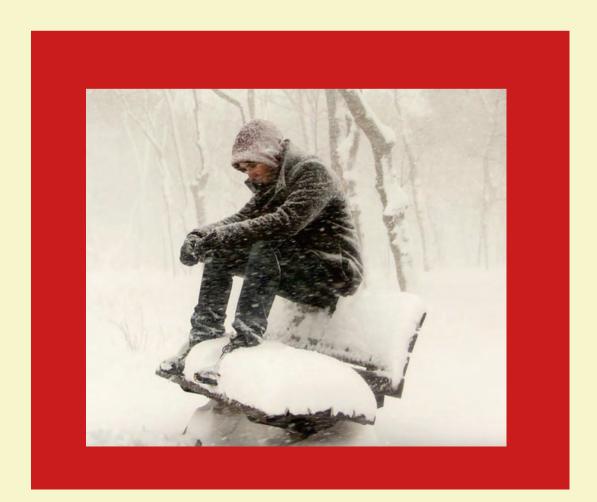

- Building unique and affordable urban villages in major cities across Canada where homeless Veterans will be able to successfully integrate back into civilian life.
- Providing on-site social workers that advocate and assist with accessing the needed social supports to achieve the goal of living independently in the long term.

Homes For Heroes has Veterans Villages operating in Calgary and Edmonton, with Veteran Villages in the planning stages for Kingston and Winnipeg. Our goal is to build Veteran Villages in all major centers across Canada and end the issue of Veteran homelessness.

The Need

For one out of every four Canadian Forces members, the process of being released from their military career and transitioning back into the community can be stressful and complex. Due to the challenges they face in making this transition, Veterans are twice as likely as non-Veterans to experience homelessness- and female Veterans are twice as likely as their male counterparts to be homeless. In its May 2019 report, the House of Commons Standing Committee on Veterans Affairs concluded that up to 5,000 Veterans are likely to be homeless in Canada. Of those, about 160 are estimated to be living on the streets of Winnipeg.

Our Solution

Housing

Housing consists of Villages of 20 "Tiny Homes" arranged in an inward facing "barracks format" to facilitate peer-to-peer support and teamwork. Our Villages are designed to be attractive communities, set in a park-like atmosphere. Each is a positive contribution to its host city while creating a sense of pride, identity and ownership among its residents.

Transition

But housing is just the first step, and not an adequate solution by itself. Once housed, our onsite team, in partnership with Veterans Affairs Canada and leading social service agencies, provide individualized counselling and training programs for each Veteran, monitoring their progress against a well-defined and proven self-sufficiency matrix in order to ensure their success on this journey.

Outcomes

Residency in the Village will be transitional, with the goal of having each Veteran leave the Village and re-enter mainstream society: employed, stable and self-sufficient, likely and one to three years, but only when they have achieved their personal goals. When they leave we ask them to return to mentor the Veterans who take their place-Veterans helping Veterans.

The Event

This formal military gala will feature local military pageantry and an uplifting presentation from Colonel Hadfield. The evening is being designed to showcase the City of Winnipeg's rich military history, educate our guests about the Homes For Heroes Foundation, and host local Veterans and current serving Canadian Armed Forces members.

The goal of this fundraising event is to garner more exposure within the Winnipeg market prior to the opening of the Winnipeg Kinsmen Veterans' Village and to raise financial support for the build and operations of the Winnipeg Kinsmen Veterans' Village.

Chris Hadfield

The Homes For Heroes Foundation looks forward to presenting an Evening with Colonel Chris Hadfield: Astronaut | First Canadian Commander of the International Space Station

Referred to as "the most famous astronaut since Neil Armstrong," Colonel Chris Hadfield is a worldwide sensation whose video of David Bowie's "Space Oddity" — seen by over 75 million people — was called "possibly the most poignant version of the song ever created", by Bowie himself. Acclaimed for making outer space accessible to millions, and for infusing a sense of wonder into our collective consciousness not felt since humanity first walked on the Moon, Hadfield continues to bring the marvels of science and space travel to everyone he encounters.

Hadfield has flown three space missions, built two space stations, performed two spacewalks, crewed the Shuttle and Soyuz, and in 2013 named the commander of the International Space Station for six months off planet. Formerly NASA's director of operations, Hadfield is a heavily decorated astronaut, engineer, and military fighter/test pilot whose many awards include the Order of Canada, the Meritorious Service Cross, and the NASA Exceptional Service Medal. He was named the Top Test Pilot in both the US Air Force and the US Navy, and was inducted into Canada's Aviation Hall of Fame.
